

Regen Power participated and presented in the prestigious **International Mining and Resources Conference (IMARC)** in Melbourne.

Regen Power participated at the **International Mining and Resources Conference and Exhibition (IMARC)** held in Melbourne from 23-25 September 2014. As one of the Finalists of the Australian Technology Competition, Regen was invited to present on its patented Solar Hybridgen technology and its value proposition to remote mining communities. The key value of this innovative technology is in its ability to reduce fuel consumption and the overall electricity cost by greater than 50%. Regen Power's Managing Director Prof Chem Nayar also participated in the AustMine panel discussion on **'Energy and Productivity priorities in Asia'**.

Panel Discussion

The Hon Ian Macfarlane MP, Minister for Industry, with Prof Chem Nayar.
